

stated in his letter.

Will let you know when we hear. The news are grand. Maybe they will be released sooner than we expected. I have a fear of them massacring our boys when they see they are defeated I mean the Germans. They keep telling me ~~never~~ not to think that but they are so mean and blood thirsty for revenge.

I hope nothing like that happens.

I hope Gene gets home soon. He looks so different on this picture than on the ones taken in Italy. Is it because he is smiling & because of the cap?

Thanks again for the picture
Betty won't mind
me sending a copy
of her letter.

As Ever
